Lenovo

# Set successful hybrid working into motion

With Microsoft Modern Management Solutions by Lenovo

## Windows 11

Lenovo recommends Windows 11 Pro for business.

### Hybrid working is here to stay

Remote and hybrid working are here to stay. Employees are demanding flexible working options, and organizations need to offer the technology to enable it in order to create the employee experience the workforce is looking for.

49%

of workers would quit if employers didn't offer flexible work options<sup>1</sup>

2/3

organizations expect to use technology to improve their employee experience<sup>2</sup>

## It brings new challenges for organizations

The complexity and demands of hybrid working are putting IT teams under even more pressure.

67%

of business cyberattacks target remote workers<sup>3</sup>

70%

of tech leaders say support requests have spiked with the rise of remote work<sup>4</sup>

75%

of security decision-makers at the vice-president level and above feel the move to hybrid work leaves their organization more vulnerable to security threats<sup>5</sup>

Rising security threats targeting remote workers

Increasing demands on IT support teams

Growing complexity of deploying and managing remotely

Devices are vital for collaboration and productivity

Employees need secure, intuitive user experiences to stay productive wherever work happens
