

Smart collaboration

for Google Meet

With 43% of employees expected to continue working from home full or part time,¹ effective visual collaboration systems have become critical to connect workers across multiple locations.

Solutions born from collaboration

As an exclusive OEM partner, we work closely with Google engineers to ensure our solutions fully support the Google Meet platform, maximize the effectiveness of all platform features, and are easy to install.

Scalable solutions for any room size

Series One kits deliver immersive collaboration experiences with a best-in-class turnkey solution that makes outfitting collaboration spaces fast, easy, and cost-efficient.

	Small room kit	Medium room kit	Large room kit
Computer hardware	●	●	●
Smart camera	●	●	●
Smart camera XL		●	●
Smart audio bar		●	● (2)
Mic pod	●	●	● (2)

Easy to deploy and service

We offer a wide range of professional services to help you every step of the way.

Assess. Get a head start with customized pre-deployment infrastructure evaluations and guidance.

Design. Develop your collaboration space room standards for smooth and easy technology rollouts.

Deploy. Set up your Smart Collaboration solutions to hit the ground running.

Train. Provide your teams with use case-based training focused on your organization's real-world scenarios.

Maintain. Keep all your devices performing at their best with our yearly maintenance contracts.

Onsite services. We offer white glove service to complete physical setup, installation, configuration, and device troubleshooting.

In addition, our Google Series One kits come with **Lenovo Premier Support**, which gives your employees and IT staff a direct line to elite technicians 24/7/365 in more than 100 markets.

Simplified wiring with Power over Ethernet (PoE)

Lenovo Series One kits components feature power and network combined in one Ethernet cable so there are fewer cables to run and less clutter under or on the table. In addition, PoE installations can be completed faster than traditional deployments.

Create the ideal mobile collaboration environment

Lenovo Go accessories support enhanced productivity and a better user experience anywhere.

- Wireless headphones with active noise canceling
- Wireless mice and keyboards
- Power banks
- Wireless charging kits
- And more

Help your users thrive in today's hybrid workplace. Contact your Lenovo representative today to learn more about our solutions for Google Meet.
